## Summary

Aspiring Software Engineer with a strong foundation in Java, MySQL, HTML, CSS, JavaScript, and React. Skilled in building functional applications, solving technical problems, and writing clean, maintainable code. Fast learner with solid analytical skills and a strong commitment to delivering quality work.

## Skills

Web Technologies: Html5, CSS, React

UI/UX: Responsive Design, Flexbox, CSS Grid, Component-Based UI

Core Skills: Problem Solving, Debugging, Teamwork

Programming: Java, JavaScript

Database: MySQL (Queries, joins, Database Design)

Tools: Git, GitHub, VS Code, Linux (Basic)

## Projects

**PORTFOLIO WEBSITE** | React, Vite

- Developed a personal portfolio with structured sections for Skills, Projects, and Contact using React.
- Implemented modern UI/UX with mobile-first design, reusable components, and well-structured, maintainable code.
- Added GitHub project links and a downloadable pdf resume, making the site professional and recruiter ready.

**LUXE SHOPPING** | React, Html, CSS, JavaScript

- Designed and developed a responsive e-commerce user interface with product listings, cart functionality, and a smooth checkout flow using React.
- Focused on clean UI layout, smooth navigation, and mobile-first design to improve user experience.

**ECOMMERCE-STORE** | Html, CSS, JavaScript

- To showcase my skills in web development and design by designing and developing a fully functional e-commerce store, demonstrating my ability to create a user-friendly shopping experience.

## Education

**Bachelor of Technology (Lateral Entry) in Computer Science and Engineering**

Lovely Professional University | Phagwara, Punjab

**CGPA: 7.22** (Aug 2024)

**Diploma in Automobile Engineering**

Godavari Institute of Engineering and Technology | Rajahmundry, Andhra Pradesh

**PERCENTAGE: 71.14%** (Nov 2020)

## Certifications

- Introduction to HTML
- Server-side JavaScript with Node.js
- Introduction to Front-End Development
- Code with HTML, CSS, and JavaScript

## Achievements

- Attended a java development workshop, gaining hands-on experience with OOP's Concepts, Exception handling.
- In MYSQL Workshop learned database designs, Queries, joins and optimization technique. Solved 50+ SQL based challenges on LeetCode.
